Colored Trim Options:

Our Available stock colors include:

Sky Blue, Steel Blue, Grey Blue, Boat Cover Blue, Navy, Burgundy, Rose, Teal, Aqua, Hunter Green, Sage Green, Kelly Green, Teak and Black... or you can send your own color swatch and we'll match it.

How to Measure:

(Remember, all mistakes are ours, so don't worry) Measure horizontally at the widest point, including the frame - That's Dimension A.

Next, measure the vertical dimension including the frame - if there is one. That's Dimension B. We will add three inches to each of these measurements, but you are only charged for the size of the port.
